	-----
	Rs.6,750/- Per month
	-----

These institutions teach 20 students per batch. The beneficiaries are around 300 students every year. Most of our students are hailing from poor families. These centers are situated in the backward districts.

MTCT wants supporting hands to run these institutions. Kind hearted philanthropists who are willing to support these institutions are requested to contact our head office to support us to run our tailoring center, computer center, tuition center and contribute to meet the monthly expenses.

Anyone who is interested to sponsor a new center and bear the expenditures of consecutive 2 years, the center would be named after their/or their nominees name.
